

**Natural Hormone Replacement Clinic**

**Bio-identical HRT \$300**

Payment in full is required at time of initial assessment. A small rebate of \$21.00 is available from Medicare.

*This fee includes:*

- Initial assessment by doctor: This is the only component of the package that is rebated by Medicare
  - Review of blood tests.
  - Preparation of management plan including prescriptions and follow up blood requests.
  - Nurse consultant review to explain your management plan.
- } These components of the package are not rebated by Medicare. To obtain a rebate the doctor and the patient must be in the same room. These components are performed by the nurse and patient in the absence of the doctor.

*(The cost of troches is a separate cost which is payable to the compounding pharmacist.)*

|  |                |                        |                |
|--|----------------|------------------------|----------------|
| <b>Review visit - Dr Whiteside</b>     | <b>\$85.00</b> | <b>Medicare rebate</b> | <b>\$21.00</b> |
| <b>Review visit - Nurse Consultant</b> | <b>\$50.00</b> | <b>No Rebate</b>       |                |

Most patients require only one or two review visits. Only annual reviews are required after that.

**Natural Bio-identical Hormones**

The ongoing cost of hormones is separate to this package. Payment is made direct to the chemist. A portion may be rebated if you have private health cover. Please contact your fund for further information.

**Telephone Consultations \$20.00 - \$85.00 No Rebate**

Depending on the work involved.

*Please note:*

Payment is required at the time of each visit. EFTPOS, Visa, Mastercard, Bankcard, Cash or Cheque.
